March 12th 1906.

Prof. W. J. Kerr;

Dear Sir, - Since last June I have been attending the University of Chicago, devoting my time exclusively to Botany, especially the pathological phase of it. Have you at the Agricultural College or in connection with the new Experiment Stations any openings along these lines?

For information as to my qualifications I would refer you to Walter Porter, and Thos. E. McKay.

After April 1st I shall be at my home in Porterville, Morgan Co.

Very respectfully, M. B. Porter

Mr. M. R. Porter,
University of Chicago, Chicago, Ill.

Dear Sir:-

I am in receipt of your favor of the 12th inst. At this time I am unable to state whether there will be an opening for you at the College. Should there be a vacancy, I shall be glad to communicate with you later. I shall be pleased to assist you in any way I can.

Yours truly,

President.
